

Experience of Solar Power Plant

We have experience more than 1 GW in Japan.

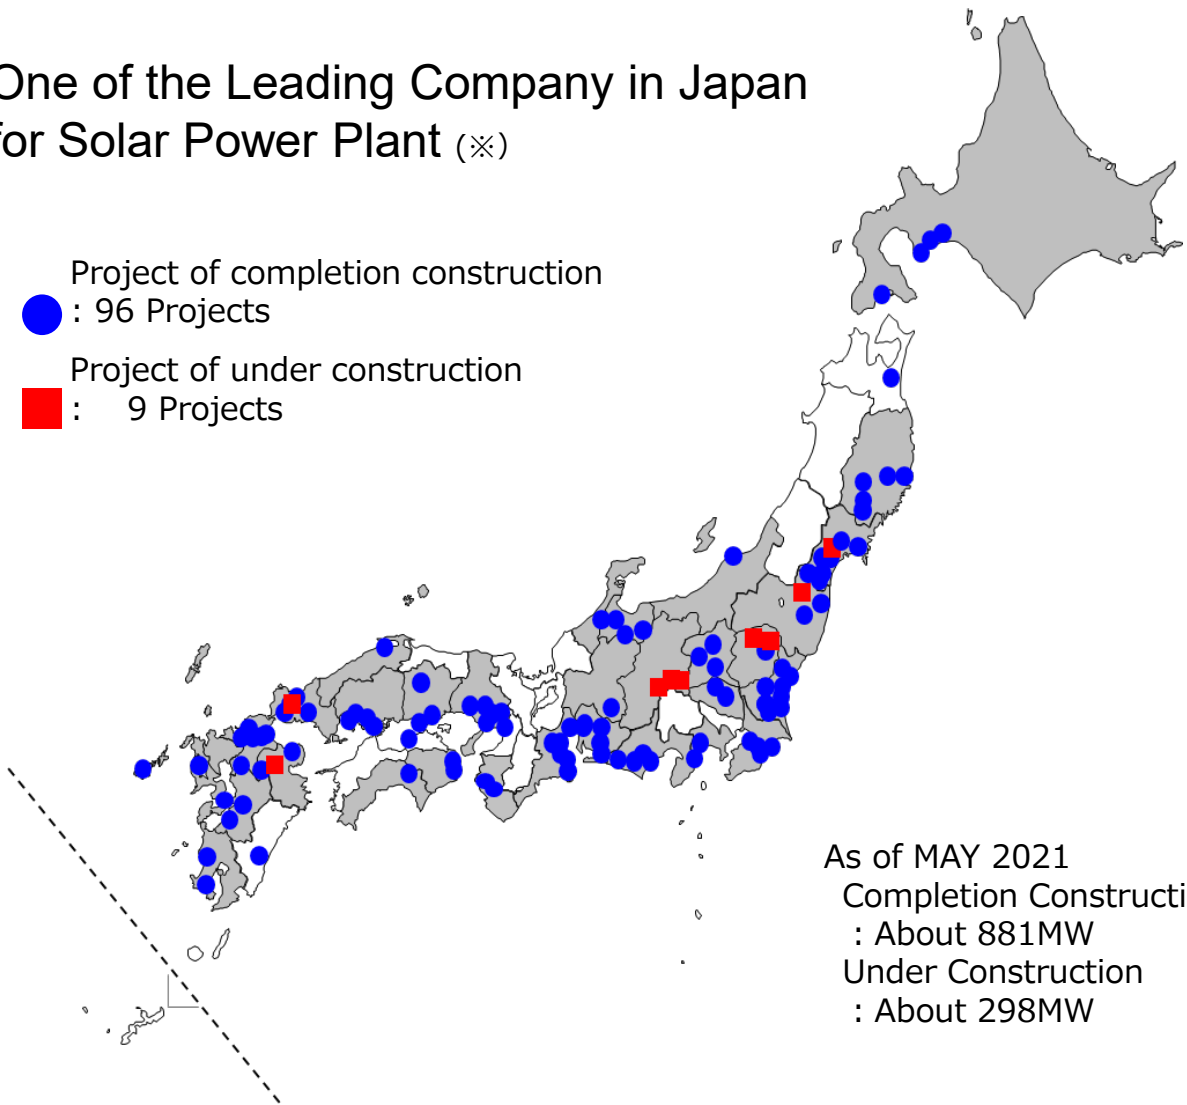

One of the Leading Company in Japan
for Solar Power Plant (※)

Project of completion construction

● : 96 Projects

Project of under construction

■ : 9 Projects

As of MAY 2021
Completion Construction
: About 881MW
Under Construction
: About 298MW

Experience List of Solar Power Plant

As of MAY 2021

Project of completion construction
